**** CONFIDENTIALITY ****

Please check here if the information you are sending to the Montana Board of Pardons and Parole should remain confidential and not be disclosed to the inmate.

Important Note on Confidentiality: In 1998, the Montana Supreme Court ruled that offender records held by the Board could be subject to public inspection. It is the practice of the Board to keep information about victims confidential for the victim's personal safety.

Additional Note: The VINE system is an automated notification system that provides victims of crime and other concerned persons with continual access to inmate custody information via the telephone and is separate from the registration provided by this form. VINE is a **free and confidential** 24-hour hot-line that allows victims to verify the custody status of an inmate in a Montana prison and to register for automatic telephone notification if the inmate is released, transferred, or escapes. To register with VINE, call toll-free 1-800-456-3076 and follow the instructions. For more information or a brochure, call 1-888-223-6332.
